# CLIL TRAINING, COURSES AND COACHING

**BEP offers your team tailor made onsite trainings and courses for Content and Language Integrated Learning**

In addition to specific training and courses, there is a possibility for personal CLIL coaching in class. A combination of training and one-to-one coaching is a very effective way to improve the didactics of bilingual teaching in a team. BEP works with the 'CLIL lesson plan tool', which allows insight in how to make lessons CLIL-proof. This tool can also be used to work towards an audit.

## TRAIN-THE-TRAINER

As of this year we offer the train-the-trainer program, designed for future CLIL coaches in your organization. In this train-the-trainer, or actually coach-the-coach program, you will develop coaching skills alongside the necessary vision on CLIL needed to guide teachers in your organization towards CLIL in the future. While developing a portfolio as a coach, you will be guided in this process and will get the chance to discuss with other CLIL coaches.

## CLIL COACH NETWORK

Are you an existing a CLIL coach? Patrick de Boer from CLIL media and Amanda van Dijk-van 't Noordende from BEP initiated a CLIL network to share best practises in this field of expertise and to learn from each other.
